OREL RECAPTURED BY BOLSHEVISTS SOVIETS ASSERT

Moscow Wireless Reports
19 Russian Regiments
Are Defeated.

OFFICIAL REPORTS SHOW REDS ARE BEING DEFEATED

Loyal Russian Troops Claim Victory In Battles Near Orel.

Stockholm, Oct. 21.—The United States minister here, I. N. Morris, has received a request by telegram from General Yudenitch and Premier Lianozov of the government of northwest Russia urging the United States to send food and other necessities for Petrograd which General Yudenitch said he expected to take today. The request was forwarded to Washington. General Yudenitch's troops on Sunday last were only five miles from Petrograd.

Helsingfors, Finland, Oct. 21.—General Yudenitch has encountered strong Bolshevik resistance beyond Pulkovo, about seven miles south of Petrograd. He has therefore halted his advance to concentrate his forces while awaiting reinforcements and heavy artillery. One hundred guns reached his army today.

London, Oct. 21.—Orel has been retaken by the Bolsheviks, who also have defeated nineteen regiments of General Mamontoff's army outside of Voronezh according to a wireless dispatch sent out by the Soviet government in Moscow.

Forces of the Russian soviet government are being slowly driven back to their last defenses in front of Petrograd. General Yudenitch has captured Pulkovo about seven miles south of the city and Ligova, less than eight miles to the southwest, according to unofficial reports.

Bolshevik troops are apparently forming along the Petrograd-Luga-Pskov railroad, where they are stubbornly contesting each attempt of the Yudenitch force to drive eastward. The anti-Bolshevik force at Pulkovo last week had no indication that the railroad had been crossed at any point south of Gatchina which is admitted to be in the hands of the Yudenitch army.

Soviet forces seem still to be holding the coastal region west of Petrograd. A Helsingfors despatch telling of a fuel battle on an anti-Bolshevik fleet and the fort at Krasnia Gorka. A great fire accompanied by an explosion was observed after the battle but it is said it may have been at Oranienbaum, a village east of Krasnia Gorka.

Kiev, which was occupied by Bolshevik troops last week, has been attacked by General Denikin's forces, who have fought the bulk of most of the city. Fighting was still going on there last Friday.

Nearer the center of General Denikin's line the soviet armies have as yet a counter offensive, launching an attack at Krom, 17 miles southwest of Orel. This attack was completely defeated, according to an official report. Southeast of Orel the Bolsheviks have suffered a disastrous defeat, an official report says. The battle took place west of the Knipper river, the most important tributary of the Don. It is said that volunteer troops of the Denikin army are following up their advantage in this region.

Kolchak troops on the Siberian front are said to have met with a defeat, quite heavy, in fighting near Kurgan. In fighting which seemed to throw some doubt on recent reports that the Bolsheviks are rapidly retreating on the eastern front. As late as Oct. 9 Kurgan was in the hands of the Bolsheviks.

RUSSIANS REMOVE MENACE TO REAR

Helsingfors, Finland, Oct. 21.—The Bolshevik forces, concentrated at Gdov on Lake Peipus, which constituted a more serious threat to the rear of General Yudenitch have been dispersed. This removes the menace of an advance against the soviet forces now before Petrograd which War Minister Tretzky was reported to have declared recently would decide the fate of the city rather than the defense of the old capitol itself.

'FRISCO READY TO GREET CAPT. SMITH

Chicago, Oct. 21.—First and second places in the army twice transcontinental airplane race having been taken by fliers who completed their 5,402 mile journey by returning to Mineola, N. Y. San Francisco today was ready to honor the third man to come home. Captain Lowell H. Smith, had but 187 miles to fly before he returned to his home ranger at the Golden Gate.

Lieutenant Earl Manzelman, eastward bound, who spent the night at Cleveland, 18 miles from his trip, said, apparently was assured of fourth position and his nearest rival, Captain Alex Pearson, was more than 300 miles behind at Rock Island, Illinois.

OHIO BAPTISTS ELECT HAMBLEN SECRETARY

COMPROMISE ON TREATY IN SIGHT

Action of Sen. Lodge in Calling For New Reservations Said to Have Weakened Treaty Advocates.

Washington, Oct. 21.—Possibility of a compromise between senate advocates and opponents of reservations to the German peace treaty was said to have received serious consideration today at a conference of Democratic leaders held after Chairman Lodge had called a meeting tomorrow of the foreign relations committee to consider new reservations and modifications of those reported out by the committee September 10.

FATHER DIES JUST A YEAR AFTER HUSBAND

Hendricks McKee, 65 years old, father of Mrs. Harry Gibson, 200 Elmwood avenue, died suddenly at 1 o'clock this morning at his home, five miles north of Bladensburg, in Knox county. His death was due to apoplexy.

Mrs. Gibson's husband died a year ago tomorrow during the epidemic of influenza.

Besides Mrs. Gibson, Mr. McKee is survived by his widow and three other daughters, Mrs. Mae Briggs, of Buckeye City, Mrs. Nellie Purdy, of Gambier, and Mrs. Julia I. Miller, of the home.

Funeral services will be held at the home in Butler township Thursday afternoon at 1 o'clock.

SODA CLERKS DEMAND MINIMUM OF \$40

New York, Oct. 21.—Soda clerks of the first grade in New York drug stores have presented demands for a minimum salary of \$40 a week. Their demands, made public today are included in a general schedule drawn up by the United Drug Clerks.

Licensed pharmacists want a minimum salary of \$50 weekly and junior pharmacists \$35. Cashiers and porters also are included in the schedule.

MILITARY MEN TO FIX RATIFICATION DATE

Paris, Oct. 21.—The supreme council of the peace conference has entrusted to the military authorities of the allied powers the duty of fixing a date for depositing ratification of the treaty of peace with Germany, which date will mark the coming into force of the convention, according to the Echo de Paris.

MINERS LEARN COAL PRICES ARE SOARING

Indianapolis, Ind., Oct. 21.—An increase in the price of coal, since the miners to go on strike November 1, has been placed in effect all over the country, according to reports received at the international headquarters here of the United Mine Workers of America.

SCHOOL GIRL SUFFERS BROKEN ARM IN PLAY

While playing at the Woodside school yesterday afternoon Florabelle Fundaberg, 10, had her arm seriously injured.

In a jumping game, one of the children in jumping fell on the arm of the Fundaberg child. The ligaments were torn and the arm broken above the wrist. She is the daughter of Mr. and Mrs. J. R. Fundaberg, of the Jefferson road, and was taken to her home where Dr. H. H. Postle attended her.

PRESIDENT TAKES PERSONAL HAND IN LABOR MEET

Sends Letter to Cabinet
Member Who is Chair-
man of Meetings.

OUTLINES HIS VIEWS ON CONFERENCE SITUATION

Letter May Be Held For Use In Case of Danger of Break.

Washington, Oct. 21.—President Wilson, despite his illness, took a personal hand in the national conference in an effort to avert a break which is threatened as a result of the failure of the labor and capital groups to reach an agreement on the collective bargaining issue.

In a six hundred word letter to Secretary Lane, chairman of the conference dictated from his sick bed the president outlined his views as to the conference situation. The letter was immediately dispatched to Mr. Lane, who, it was explained, was to use it at his discretion.

The conference was not in session when Mr. Lane received the communication, having met at 10:15 a. m. and adjourned at the request of the labor group, after two resolutions had been presented. It was said the letter might not be presented to the conference immediately, but held in reserve to be used only when danger of the conference breaking up became acute.

The serious situation in the conference between Chairman Lane, Secretary Wilson, of the labor department; Bernard M. Baruch, chairman of the public group; Thomas L. Chabourne, chairman of the committee of 15 and Secretary Tumulty.

The president immediately dictated the letter to a stenographer and signed the complete copy with a lead pencil. The president's signature was written on the bias across the sheet and apparently his hand was somewhat shaky when he signed it. Mr. Tumulty immediately left for the Pan-American building where the conference sits, to present the letter to Mr. Lane.

Before the brief session today, Chairman Lane said the conference would not be permitted to end its work and that the leaders of the three groups—capital labor and the public—had decided to frame a new and comprehensive program inviting all industrial issues of a general nature. It was understood that reference to the specific issues that have caused the present situation would be avoided.

While there was no talk of bolting the conference, several members of the labor group plainly were impatient.

It developed today that the employers are far from agreement among themselves on a declaration regarding collective bargaining.

Some members of the group were said to favor standing by the substitute already introduced but others argued that a new proposal be submitted.

DAYTON POLICE SEEK TO CHECK CRIME WAVE

PAVING MAY BE DELAYED SIX MOS.

City Engineer Says It's Doubtful If Any Work Can Be Done Before Next Spring.

City Engineer C. H. Wells stated today that on account of the situation it was doubtful if any of the city streets will be completed this year which were to be improved by paving, the contract of which had been awarded to the Federal Asphalt company.

Engineer Wells stated that they hoped to complete the concrete foundation on Poplar, Central and Woods avenue and Twelfth street however and as many more as possible before the work is stopped by cold weather. The Federal Asphalt company has the contract for the paving of ten streets and will begin work immediately, just as soon as their machinery arrives.

HAMILTON SOCIALIST SAYS HE WON'T LEAVE

Hamilton, Oct. 21.—The Butler county grand jury investigating the lashing and tarring of John B. Steiger, socialist leader, is scheduled to make its partial report Wednesday morning. Steiger told his story to the jury but it is understood could not give a clue as to the ideas of his tormentors.

Though more drastic treatment is promised Steiger by the "union vigilantes" if he remains in the city, the millwright foreman says he will remain here under promised police protection.

It is stated that Steiger was seized by the masked band while in the act of distributing radical literature late at night. Exact details of the tarring have been difficult to secure because Steiger himself has been so dazed that he could not give a coherent statement.

Steiger, who has been earning as high as \$3,000 for 25 years is known to have little resources due to the fact that he is supposed to have spent his surplus buying Socialist propaganda literature for distribution.

LEADERS OF MINERS AND OF COAL OPERATORS CONFER IN LABOR SECRETARY'S OFFICE IN EFFORT TO AVERT STRIKE

Thomas F. Brewster, Secretary of Labor Union and John L. Lewis in conference in Washington.

In an effort to avert the threatened coal miners' strike, set for November 1, Secretary of Labor

Wilson several days ago called into his office Thomas F. Brewster, president of the United Mine Workers of America,

and John L. Lewis, president of the Coal Operators' Association.

PREDICTS INCOME TAX IN OHIO IF PROPOSAL FAILS

Speaker Before Kiwanis Club Points Out Advan- tages of Classification and Evils of Present System.

George L. Gule of Columbus, a tax classification specialist, addressed the Kiwanis club Monday night on the classification amendment. The club had a turnout of 35 percent of its members, a good attendance for evening.

Gule went into classification at some length, and answered a volley of questions at the close of his talk.

He maintains that property should be taxed to its earning capacity, under the present system of "uniform" taxation, this is not the case. He cited the case of a business man who invests in an office building, netting him a large percent of profit on his money, and that of a widow who puts her money into bonds netting a small percent. Each one is taxed at the same rate. At the present time, real estate and other tangibles are bearing 80 percent of the tax in Ohio. With classification, he said, the intangibles would be brought out, without forcing them out of the state, as is the case now. Kentucky does not tax foreign capital, neither do other states nearby, and much Ohio capital "goes its tent like the Arabs, and as silently steals away."

He pointed out that the farmers in some sections of Ohio are fighting the amendment on the ground that they cannot pay the tax. He pointed out to them the square deal. Why this fear should exist when the farmer controls the legislature, is without answer, Gule said. In North Dakota, the state is in the hands of the farmer, there is no tax on capital, and in 1917, Gule declared and raised the tax duplicate from two to 100 millions.

It is necessary in Ohio to do something to increase the tax duplicate he pointed out. In the last five or six years, deficits have piled up in many municipal and school districts. Intangibles should be brought out, and they will not be if the tax on them is higher than the cost of moving to another state. "It is cheaper to move than to pay rent" in this case, Gule claims.

He pointed out the fact that the man who figures in percents knows where he stands, but the man who attempts to wrestle with figures, founders. Gule claims that if the uniform tax plan were to go into full effect, and all the intangibles be brought out and taxed, it would only happen one year; the next year the capital would have flown and the state become bankrupt. He predicted that we shall have a state income tax this fall, if we don't get classified taxation.

MERCIER GREETED BY BELGIAN NATIONAL AIR

Chicago, Oct. 21.—The strains of "La Brabanconne" his national anthem, greeted Cardinal Mercier, Belgian prelate, upon his arrival here today for a two day's visit. Girls dressed in Belgian costume scattered flowers before his automobile as he drove through streets to the residence of Arch Bishop George Mundelein.

An escort of marines wounded in France formed a guard of honor.

AKRON POLICE ROUND UP MANY SUSPECTS

Akron, Oct. 21.—Police Chief John Durkin today ordered a roundup of all suspicious characters in the city following two nights of a crime wave in which two men were shot by thugs, David Dultz, East Akron, was shot in the knee early today when he attempted to resist a highwayman who was searching his pockets. A dozen other robbers were reported to police this morning.

GERMAN CIVILIANS RELEASED.

Paris, Oct. 21.—The first interned German civilians to be permitted to return to their native land left France yesterday, the party consisting of 370. On November 2, the interned Germans estimated to number about 5,000 will leave for Germany.

HELPS DR. GRAYSON CURE PRESIDENT

Dr. W. A. Fowler.

Since last week bulletins issued at the White House concerning President Wilson's condition have carried the name, among others, of Dr. W. A. Fowler, a Washington specialist. Dr. Fowler, who is an expert on prostatic troubles such as the president is suffering from, has called in to consultation Dr. Hugh Young, of Johns Hopkins Hospital, Baltimore, one of the foremost specialists in the country.

ITALIAN ENVOY DIES SUDDENLY

Ambassador Count Di Cel- lere Succumbs In Wash- ington Hospital Before Operation Could Be Per- formed.

Washington, Oct. 21.—Diplomatic and official Washington today mourned the death of Count V. Macchi Di Celere Italian ambassador to the United States for the past six years. The ambassador's death occurred late last night as he was about to undergo an operation at a hospital here.

The death of Count Di Celere was a shock to government officials and members of the diplomatic corps, few of whom were aware that he was ill. His illness dated from last Saturday but not until yesterday was his condition considered serious. His death is ascribed to mesenteric thrombosis—formation of a blood clot in the tissues of the mesentery.

Arrangements for the funeral services here had not been made early today. Following diplomatic custom the United States will assign a battleship to convey the body to Italy.

Ambassador Di Celere was about to close his work here after having handled a number of difficult questions both during the day and since the cessation of hostilities. Baron Romano Avezzano recently was appointed to relieve him.

LAST RED OFFICIAL LEAVES PETROGRAD

Amsterdam, Oct. 21.—Commissary Zionoff, the chief Bolshevik government official in Petrograd has withdrawn from that city, taking with him all men able to bear arms, according to reports to the German press. The official documents and cash, it is declared, have been taken to Moscow.

FORMER JAP PREMIER DIES.

Tokio, Monday, Oct. 20.—Field Marshal Count Seiki Terashichi, former premier of Japan, died today.

WILSON ALLOWED TO HAVE REPORTS ON BIG QUESTIONS

First Information From Au- thoritative Sources on Im- portant Matters Is Sub- mitted to President To- day.

Washington, Oct. 21.—President Wilson is being kept informed as to the latest news of the situation in the coal miners' strike by a letter yesterday from Senator Hitchcock, of Nebraska, administration leader in the treaty fight, outlining prospects for ratification of the treaty.

The president's physicians announced today that while he did not sleep as well last night he showed no signs of fatigue this morning and that the prostatic condition was unchanged.

The bulletin follows:
"White House, Oct. 21, 11:25 a. m. The president's prostatic condition remains as before. Chemical examination of the blood shows the kidneys to be functioning normally. He did not sleep so well last night, but shows no signs of fatigue this morning."

STRIKE DELAYS SAILING OF 40 OCEAN FREIGHTERS

New York, Oct. 21.—A crisis in the strike of 40,000 New York longshoremen was reached today. The International Mercantile Marine, which had forty ships tied up in the port, expected strike breakers at work moving cargoes, and 500 United States troops began work in dunnage at army pier where transports to and from Europe have been held up.

Army officials made it plain that troops brought here from Newport News would be used solely as workmen at army piers and would not appear at private or shipping board docks. Heavy police guards, however, were on duty at the piers.

The strikers, who yesterday walked out of a conference of conciliators at the city hall because they object to Paul A. Vaccarello as one of the conciliators were invited to attend a mass meeting at Ganaway Hall late today by Mayor Hylan, a member of the conciliation committee appointed by Secretary of Labor Wilson. Many members of the strike committee asserted they would not attend.

FIRM WILL TRY OUT CO-OPRATIVE CONTROL

New York, Oct. 21.—Co-operative management by employer and employee will be inaugurated as an economic test by Sweet, Orr & Company, manufacturers of overalls on November 1 at one of their plants at Yonkers, it was announced today.

Under the new system, the employees, all of whom are women, will elect their own forewomen, establish their own minimum standard of production and take over all matters of shop management. They will receive the standard wage agreed upon by the United Garment Workers of America and the Union-Made Garment Manufacturers' association and in addition those who have aided in production and assisted in making economies will receive a monthly bonus.

The co-operative plan, if successful, will extend to 17 other plants operated by the corporation.

PROPOSED STRIKE OF COAL MINERS MEETS CRITICISM

Senator Frelinghuysen Calls Unionism a New Au- toeracy.

DECLARES HIGH COAL PRICE WOULD FOLLOW CONCESSION

Sen. Pomerene Declares Ohio Miners Not In Favor of Strike.

Washington, Oct. 21.—Unionism under its present leadership was attacked in the senate today by Senator Frelinghuysen, Republican, New Jersey, as a "new autocracy" tending toward Bolshevism.

Criticizing the demands of the bituminous coal miners for a five-day week and increased wages Senator Frelinghuysen, who is chairman of the senate committee investigating the coal strike, called upon American public opinion to smother a movement which he feared would result in class government.

The New Jersey senator said the demand of the miners, half of them aliens, were inordinately high and would be grubs his as a patriotic citizen. "Of the way this country is not ready to be dictated to by a horde of aliens. Any citizen who seeks to advance the interests of himself and his associates at the expense of the general public is not a patriotic citizen. Sovietism means class rule. We cannot permit that in America and still preserve our democratic institutions."

"Labor unionism should be upheld for one primary principle, to obtain and maintain justice for the man who earns his wage by the sweat of his brow, but when the power of organization is established to impose injustice against all other classes of society, the law of the land should be invoked to prevent the abuse of such power, or laws enacted that will do this."

Senator Pomerene, Democrat, declared the threatened coal strike would be one of the union delegates and officers and not of miners themselves.

"Ordinarily strike demands are submitted to a referendum of the miners," he said. "In this case they were not, but were fixed by the delegates at the Cleveland convention."

"Of the 40,000 miners in Ohio, I understand if they had a referendum the demands would be overwhelmingly repudiated."

Senator Pomerene declared congress should prevent the strike, if possible, because it had not been ordered by the miners, but by union officials.

Senator Pomerene deplored a situation in which he said "a few men say 'we've got you by the throat and we're going to strangle you' and the masses freeze unless you surrender."

TRADE CONGRESS HEARS OF EUROPEAN NEEDS

Atlantic City, Oct. 21.—American subcommittee of the international trade congress which opened its formal sessions yesterday, continue today hearing of the industrial and financial needs of Great Britain, France, Belgium and Italy. These informal discussions which are being held for the purpose of obtaining a true statement of the economic conditions of foreign countries and what may be expected of American business men to help return them to a normal basis, will continue until the public sessions begin on Wednesday night.

The question of permanent organization is the most important item on today's program. Both American and Belgium missions have prepared plans for a permanent international organization of business men, with fixed headquarters, an armistice for a constant interchange of business ideas.

KRONSTADT STILL IN HANDS OF BOLSHEVIKS

London, Oct. 21.—The fortress of Kronstadt was still in the hands of the Bolsheviks Sunday, according to a dispatch to the Daily Mail from Terlikki, Finland, from which place the red flag was then visible at the masthead of the battleship Petropavlovsk, which is reported to have been raised since she was torpedoed by the British in August and now is lying in the Kronstadt harbor.

The dispatch to the Mail states that factories at Kronstadt were working Sunday and that seaplanes which bombed the fortress that day were fired on by anti-aircraft guns. The reported raising of the white flag at Kronstadt Friday is as yet unexplained.

It is pretty generally assumed here that Petrograd is isolated and its fall is a matter of a short time but the position is obscure with the exception of official statements that the railroad to Moscow has been cut and that besiegers are within only a few miles of the city. It is said they are holding among other places Pulkovo, the site of the famous Imperial observatory which overlooks Petrograd.

There are no details of actual operations nor any reliable news as to what force the reds are able to put in the field to oppose the army commanded by General Yudenitch. The latest dispatch received yesterday says General Yudenitch and staff are at Gatchina; which apparently confirms the British war office assumption that place is firmly in the hands of the anti-Bolsheviks.

Don't Live in Utter Misery

Many people endure pain without complaint, believing there is no relief. Some go to the other extreme, experimenting with "cure alls." Both are wrong. There is relief for every man, woman or child suffering from kidney trouble and its consequences. In the last forty years Dodd's Kidney Pills have helped thousands to good health. They will help you. Your symptoms can be quickly relieved by Dodd's. Be sure you get the right remedy—three D's in the name—and a flat, round box. If your dealer can't supply you, send 60c. in stamps to Dodd's Medicine Co., Buffalo, N. Y.

For a mild cathartic, Diamond Dinner Pills. Mild, harmless—just a gentle touch.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it; then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be soft, lustrous, glossy, silky and soft, and look and feel a hundred times better.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation.

A CANDY THAT KEEPS YOU SMILING

Someone has said: "Keep smiling until ten o'clock and the rest of the day will take care of itself." How true that saying is. If we can just start the day off with a smile the time passes quickly and everything we do seems to be right.

But, if we wake up in the morning with a grogginess, feeling at odds with the world, appetite gone, stomach sour, breath foul and all tired out, we can't smile no matter how hard we try.

Nine times out of ten, the cause of this morning grogginess and weak, worn out feeling can be found in the digestive organs—in other words, we are suffering from constipation. We need a tonic laxative such as Parloia Tablets.

Parloia Tablets—"The Doctor in Candy Form"—are made of the purest peppermint candy and have the delicious, mild, appetizing odor and taste of after-dinner mints. The old method of taking a laxative has become but a memory with the invention of Parloia. Instead of an ordeal, the taking of a laxative is now a pleasure, because we need only eat two delicious bits of mint candy.

Get a package of Parloia from your druggist today, eat two before going to bed tonight and see how much better you will feel in the morning—note how easy it will be to "keep smiling until ten o'clock." At all druggists, 25c, 50c and \$1.00 boxes. Trial size, 10c.

KIWANIANS HEAR ALL ABOUT TEETH

Dentist Members Give Illustrated Talk on Lives of Neglected Molars and Incisors.

"Focal Infection," and "Prophylaxis" were the subjects handled by Doctors Wyeth and Prior at the evening of Kiwanis, Monday. In other words, toothache and climpiness as a preventive were explained at length. Assisting each other by the use of lantern slides, the two dentists not only made a case for toothbrushes and toothpaste, but did the work so thoroughly they ran the danger of doing themselves out of a job by letting the club into the secrets of perfect teeth.

Dr. Wyeth exhibited slides showing the structure of teeth, including the nerve and blood supply, etc., and Dr. Prior pictured cases of pyorrhea in various stages. The name of the bacillus which causes decay in teeth is "streptococcus viridans" and an interesting feature in the life of this tribe is that if allowed to multiply without hindrance, a 24-hour output would number 25,474,757,19,555 bacilli. Interesting, though painful, battles occur between these bacilli and the leucocyte blood corpuscles, the battle ground being manifested by swollen gums. In some cases, wisdom teeth fail to rise to the surface and may cause all manner of head pains. The sixth tooth from the center, in children five to six years, is a permanent one, and should be cared for with extreme care.

Inasmuch as very many bodily complaints arise from the teeth and tonsils, the best of care should be given children's teeth. In fact this care should be taught the child's grandparents. Three-fourths of diseases go through the mouth to reach the system; disease of the alimentary tract, of the vascular system, etc., may easily arise from teeth decay.

Bad teeth are a great deterrent to children while at school, and Dr. Prior intimated that a certain store in Newark lost many hours each month on account of their clerk's visits to dentists. This could be multiplied by adding the other stores and many of the shops.

The boost given to each member by the Doctors consisted of a toothbrush and tube of toothpaste.

Rev. Benj. R. Weld, and George W. Bower are the two new members of this organization. Rev. Mr. Weld is the popular pastor of the Second Presbyterian church, and George Bower is known all over Newark as the pure water man.

SAYS HUSBAND MAKES HER PAY HIS DEBTS

Claiming that her husband has asked her to work out and earn money with which to pay his debts and that he frequently refuses to speak to her since the birth of their child, Inez Varner has filed a petition in probate court asking that she be divorced from Cloyd Varner. They were married June 7, 1917, and are the parents of a girl aged 18 months.

The petition alleges that ever since their marriage Varner has failed to provide her with the necessities of life, that he has refused to work most of the time and demanded that she work out to earn money to pay his debts. He is also charged with extreme cruelty in that he forbids his wife to visit her parents and refused to allow them to visit her.

Mrs. Varner also states that at divers times since the birth of their baby he has refused to speak to her and has been overbearing and disagreeable. She charges that Varner has procured from the bank at Frazzeshurg money belonging to her father by endorsing or forging checks payable to her father without his knowledge or consent. She asks in addition to a petition in probate court for the care, custody and control of their minor child.

Eight Western Union telegrams will appear upon the page and the contest will consist in condensing each message to ten words or less. The one who ranks first will be given \$10. There will be five other prizes, making a total of \$25 in cash to be awarded the winners.

It costs nothing to enter the contest. There is no coupon to clip, nothing to buy, nothing to do except to read the eight messages and then write in ten words or less the substance of each dispatch. Answers must be submitted by October 25. Full explanation will appear in tomorrow's paper. Watch for Wednesday's Advocate, sharpen your wits and win one of these cash prizes.

CAMBRIDGE COMES FOR GAME WITH M'DANIELS

The McDaniel team, with the jinx broken, will meet the Cambridge team Sunday afternoon at Mountbushers park for a return game. At a previous meeting of these teams at Cambridge, Newark lost. The team is now planning for revenge. Players have been called for practice Wednesday and Saturday nights and arrangements have been made to provide for compulsory attendance.

Negotiations are on for a return game with Lancaster, a game with Coshocton and another with the Chipewas of Columbus. The latter team asked the Macks to play in Columbus but McDaniel is trying to get the squad to come to Newark.

STOLEN FORD QUICKLY RECOVERED BY POLICE

John Love, 398 North Eleventh street reported to the patrol station last night that some one had stole his Ford touring car from in front of the Auditorium theater. The night operator informed all patrolmen. Patrolmen Virgil Dush reported that two boys had left a Ford car standing in First street between Locust and Church streets. Chief Jas. Sheridan and Capt. Charles Hager, finding that it belonged to Love drove it to the station and notified the owner. He had the car in the garage an hour after it was stolen. The boys were not apprehended.

10TH ST. CHURCH GETS \$2500 FOR NEW BLDG.

More than \$2500 in cash and subscriptions payable in one year, were made Sunday at the all day meeting at the Fifth street U. B. church. The subscriptions were taken for the fund to be used in the construction of a new church building. It is planned to begin the work within the next year. Sunday's pledges and donations together with the money already in hand, including a \$4000 pledge from the C. E. organization of the Southeastern Ohio conference, brings the total to about \$8000. The drive for funds will be continued.

ELKS WILL INITIATE CLASS OF 21 TONIGHT

An installation of 21 candidates will take place at the Elk lodge rooms this evening beginning at 7:30 o'clock sharp, which the committee states will be followed by a banquet with the usual trimmings. The committee in charge has made unusual preparations for one of the largest "blow outs" staged in recent years, and there will be numerous surprises in store for all who attend. Tables have been arranged to care for 300 plates.

FAILED TO RECOVER HER HEALTH AFTER INFLUENZA ATTACK

This Binghamton Resident Tells
Why She Can Recommend Dr.
Williams' Pink Pills

"Following an attack of influenza," says Mrs. Mary E. Baxter, of No. 116 Hawley street, Binghamton, N. Y., "I was so badly run down that it was a great effort for me to get about. Nothing seemed to help me and I was getting worse all the time."

"I was very nervous and restless and started at every unusual sound. My sleep was broken and unrefreshing and as a result I felt tired and 'dopey' all the time. My stomach was upset and there was a pain in my left side after a meal. I also suffered from a severe, pressing headache."

"Several years before, I had taken Dr. Williams' Pink Pills as a tonic and they were so successful that I tried them again and was more than rewarded. In a short time my stomach was toned up so that I could eat a good meal with enjoyment. My strength slowly returned and I gradually overcame the nervousness. I can now sleep soundly and feel ambitious and active. Dr. Williams' Pink Pills are certainly an excellent tonic and I recommend them most heartily, especially for after-effects of influenza."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for the free booklet, "Building Up the Blood."

Beauty Answers

By MADAME MARIE

EDNA C.—The surest way to make the hair grow long, silky and beautiful is the easiest way. The following method will actually compel your hair to grow faster, longer and with a subtle gloss of life and color than anything else known. You can do it, as thousands of others have already done. A few days' use of this formula will convince you that what I say is right. Not half of its wonderful work has been told. Just try it. Hair will stop falling, thin spots will fill in, and your hair will be the envy of your many friends. Add one ounce of beta-quinol, 50 cents a word, to a half pint each of bay rum and water (or a full pint of witch-hazel instead), and mix thoroughly. Use this mixture liberally every day. It is not oily and is very pleasant to use. You will find it exceedingly economical.

BERTHA T.—Here is a wrinkle formula which has never failed to do perfect work. You can make it at home in a few moments, and it costs less than any wrinkle treatment you can get at the stores already prepared. Get a two-ounce package of opol, 50 cents a word, and mix with two tablespoonfuls of glycerine in half a pint of water. Apply liberally every day. The skin will grow moist, and deep lines, crow's feet and other large and small wrinkles will gradually fill out and vanish.

HERSUTE—You can be sure that there is but one sensible way to remove hairs from the upper lip and, in fact, from any part of the body. It is foolish to "burn" them off, injuring and spotting the skin. Just moisten the hairs with alcohol solution, secured from the drug store for one dollar. This will actually dissolve away the hairs completely and leave the skin superbly soft and smooth. It will not irritate the most delicate skin.

Corns Come Off Like Banana Peel

"Gets-It" Leaves Toe Smooth As
Your Palm. Never Fails.

Ever peel off a banana skin. Well, that's the way "Gets-It" peels off any corn or callus. It's "Gets-It". Nothing else in the world will do it.

"2 Drops of 'Gets-It', Good-bye Corns!"

but "Gets-It" because of the new secret principle in the "Gets-It" formula. "Gets-It" does away forever with "contraptions," "wrappers," plasters, ointments that rub off, blood-letting knives, and scissors that nip into the "quick." "Gets-It" eases pain. It takes but a second or two to use "Gets-It". There is no stinging or trouble. It dries immediately. You put your stocking right back on again. Your corn will come off painlessly in one complete piece. That's common-sense. It never fails. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy by Dr. J. Evans, W. A. Erman and R. W. Smith.

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually, 10c and 25c.

POLITICS INJECTED INTO MEETING OF COUNCIL MONDAY

Republicans Seek to Discredit Administration
By Speeches.

AUDITOR'S REPORT SHOWS CONDITION OF FINANCES

Solicitor's Report Is Amended
By Action of Republican Members.

City council met last night and with the exception of a sharp colloquy between the city solicitor when he made his report and Councilman Frank Knauber, was devoid of interest.

Again was politics injected into the meeting by complaint of either the activities or inactivities of the several departments of the city, in a communication written by a citizen who for years was the acknowledged leader of the Republican party.

The street committee reported that it had viewed the proposed improvement of Bowers avenue by sewerage and paving and recommended the adoption of a resolution favoring the improvement.

A petition signed by a majority of the property owners was submitted asking that Merchant street be paved from Eleventh to Thirteenth street. City Auditor Dodd submitted a statement of the finances of the city in compliance with a resolution adopted by council at its last regular meeting as follows:

Table No. 1. Showing the balance outstanding to the credit or debit of the several funds except sinking funds and trust funds on the books of the city on July 1, 1919.

Table No. 2. A showing in detail of the outstanding unfunded indebtedness of the several funds of the city on July 1, 1919, whether represented by certificates of indebtedness, accounts payable, or otherwise, with the dates of maturity thereof.

Table No. 3. An estimate of the amount necessary to provide for the remainder of the current year, including obligations for such charges or current expenses incurred prior to July 1, 1919, and payable within the current fiscal year.

Table No. 4. The amount of taxes estimated to come into the treasury of the city to the credit of said funds during the remainder of the current fiscal year, and applicable to the purposes of such year.

Table No. 5. An estimate of the amount which will be received by the city during the remainder of the current fiscal year from sources of revenue other than taxation, and credited to such funds.

Table No. 6, while not required by the statute, is appended for information. This statement shows the approximate balances that will remain at the close of the current year. The amounts shown are all credit balances except the ones shown in parenthesis which are debit balances.

The solicitor Henry C. Ashcraft made his report, stating that the court of appeals had sustained the contention of the city officials that the first contract for the paving of East Main street, which was \$26,000, lower than the second, was illegal and void. He also stated that the litigation brought by M. T. Keeley against the Federal Asphalt company in which Keeley sought to enjoin the Federal company from proceeding with the paving of certain streets had been amicably settled.

Councilman Knauber asked City Solicitor Ashcraft if the statement he had made was the same given to council before in the resolution annulling the contract.

The solicitor replied that the board of control had nothing to do with it and Knauber replied that he did not believe the solicitor knew just what he meant. He then moved to strike out the following in the solicitor's report: "and sustaining the city's contention that the first contract entered into in February, 1917, for \$26,000 less than the second contract was illegal and void."

Knauber stated in substance that the records on file in the clerk's office showed that the statement was not true, that the contract was annulled for entirely different reasons as shown by the resolution which was adopted by the board of control in November, 1918. The motion of Knauber was carried by a vote of 8 to 1, and the solicitor's report was read and filed.

Communication from Capt. A. H. Helsey, complaining about the conditions of the streets in various parts of the city, was read. He took occasion to say a few complimentary things about the heads of departments, especially the public service, for not acting on the suggestion he made in a previous communication to council, citing as an instance that repairs have been made in Thirteenth street and neglected in Indiana street and yet 100 vehicles used Indiana street to one on Thirteenth street. The communication was referred to the director of service.

A communication received from Henry C. Richardson requested council to take some action looking toward the extension of the street car tracks to Horn's Hill.

The following ordinances were introduced and passed under a suspension of rules:

By Faust—Granting an extension of six months to the Newark Furniture company for the construction of a side-track leading to its plant in Sixth street.

By Faust—Determining to proceed

with the construction of a relief sewer from Hudson avenue at Elizabeth street to Maple avenue.

By Keyes, Faust and Knauber—To levy a special sewer assessment for the improvement of South Cedar street.

By Keyes, Faust and Knauber—To levy special assessments for the improvement of Florence street.

By Baker—To improve Railroad street from Fourth to Fifth street by curbing and paving the street.

By Knauber—To prepare plans and establish a grade of the first alley south of East Main street running from Second to First street, and the first alley east of Second street running from East Main to Market street.

The following resolutions were adopted:

By Ashbrook and Knauber—To prepare plans for the improvement of South Second street from Spencer street to Beacon road by paving and curbing.

By Keyes—To prepare plans and specifications for the paving and sewerage of Bowers avenue.

Under the head of miscellaneous business Councilman Newkirk complained about the delay in the improvement of that part of Mt. Vernon road within the city limits and asked that some action be taken.

William Shamp and George Fromholz, who were present with the intention of addressing council on the condition of East Main street paving stated that they understood that the Federal Asphalt Paving company would carry their case to the supreme court of the state in an effort to have the decision of the court of appeals overruled, which declared the East Main street paving contracts illegal and void, and therefore had no statements to make.

Councilman Knauber asked the city solicitor what action had been taken, or if any agreement had been made with the railroad regarding the lighting of street railroad crossings. Solicitor Ashcraft stated that he had taken the matter up with the railroad and that it had then been referred to the service director and a contract had been drawn up by the service department and forwarded to the railroad but that they had refused to sign it on account of the fact that it made the railroad entirely responsible for any liabilities which might occur.

Knauber then suggested that something should be done in the matter so that the crossings might be properly lighted and stated in his opinion that it should be attended to immediately.

THE MAYOR'S RECORD.

Proceeding upon the theory that a misstatement rigidly adhered to will carry conviction, the American Tribune in its most recent issue repeated its attack upon Mayor Atherton. No new charge is preferred. The Tribune repeats that the city auditor's books show the collection of only \$73.40 in fines for a period of seven months ending September 30 and then seeks to impress the reader with the belief that Mayor Atherton is woefully deficient. A half truth is little if any better than a direct falsehood. It is true that the auditor's record may show only \$73.40 but the mayor's books show the collection of \$506.50 for the same period every cent of which is properly accounted for. The inference the American Tribune seeks to make is wholly unwarranted by the facts. The mayor's record speaks for itself.

For lack of subject matter, the Tribune again refers to the amount of money Mr. Atherton refunded to the city and tries to carry the impression that he was caught red handed in an effort to loot the treasury. The fact is that Mayor Atherton, acting under an ordinance that was enacted in his predecessor's administration at a time when the mayor, the city council and the office of city solicitor were all in Republican control, did collect the sum of \$1653.10 which a state examiner declared to be illegal. The ordinance permitted the payment but the examiner ruled that the ordinance was illegal and when that ruling was made the money was immediately paid back to the treasury. There was no delay whatever. The day of misleading the people has passed.

Some one raises the question what shall be done if there is a famine in all the necessities of life? O, well, everybody will then quit work and spend the winter in idleness as a protest against such conditions.

BERT O. HORTON.

Bert O. Horton, justice of the peace, who was legislated out of office after serving less than one term, is the Democratic candidate for city auditor. Mr. Horton has been in public life a number of years and he is no stranger

BERT O. HORTON

to the voters of his own home city. His past record speaks for itself and is a credit to those who placed their faith in his ability to perform any function of office to which he might be assigned.

He served two terms as clerk of courts of Licking county and his books will bear evidence that no more competent official ever held that office. A splendid penman, painstaking and careful, his work was well done and many were the compliments he received for his faithful attention to his duties.

The same can be said of his record in the justice court where he now presides but which will be abolished after January 1, 1920, when a municipal court will be established in its stead. Justice Horton after his election leased his present quarters in the Hunter-Baker block in North Park Place for a term of three years and will have to vacate the office at the end of the second year.

The voters of this city will make no mistake in electing Mr. Horton to the responsible position of city auditor for he is qualified in every way to fill that office. He will give it the same careful, painstaking attention that has marked his conduct in public life and he will prove to be the right man in the right place.

BREAKING PRICES.

Some differing opinions are expressed as to the result of the recent agitation for low prices. Some observers save thought from the start that the movement would be only a spasm. As they look at it, about once in so often the people lose patience completely at the cost of living. Then some group threatens violent action, as in the case of the recent menace of a railroad strike.

Under this compulsion politicians, government officials, and all agencies of opinion immediately begin creating a tremendous stir, but spend most of their energy around in circles. After the people have gotten by their temporary fury, the conditions settled down about as they were until the next spasm comes along. According to this view, the cause of high prices are so far reaching that the present level can not be greatly lowered for some years.

But recent figures are more encouraging, and suggest that by general cooperation the present inflation can be reduced considerably. Reports to the Federal Department of Justice from 12 states show declines averaging from 10 to 15 per cent in the leading staples.

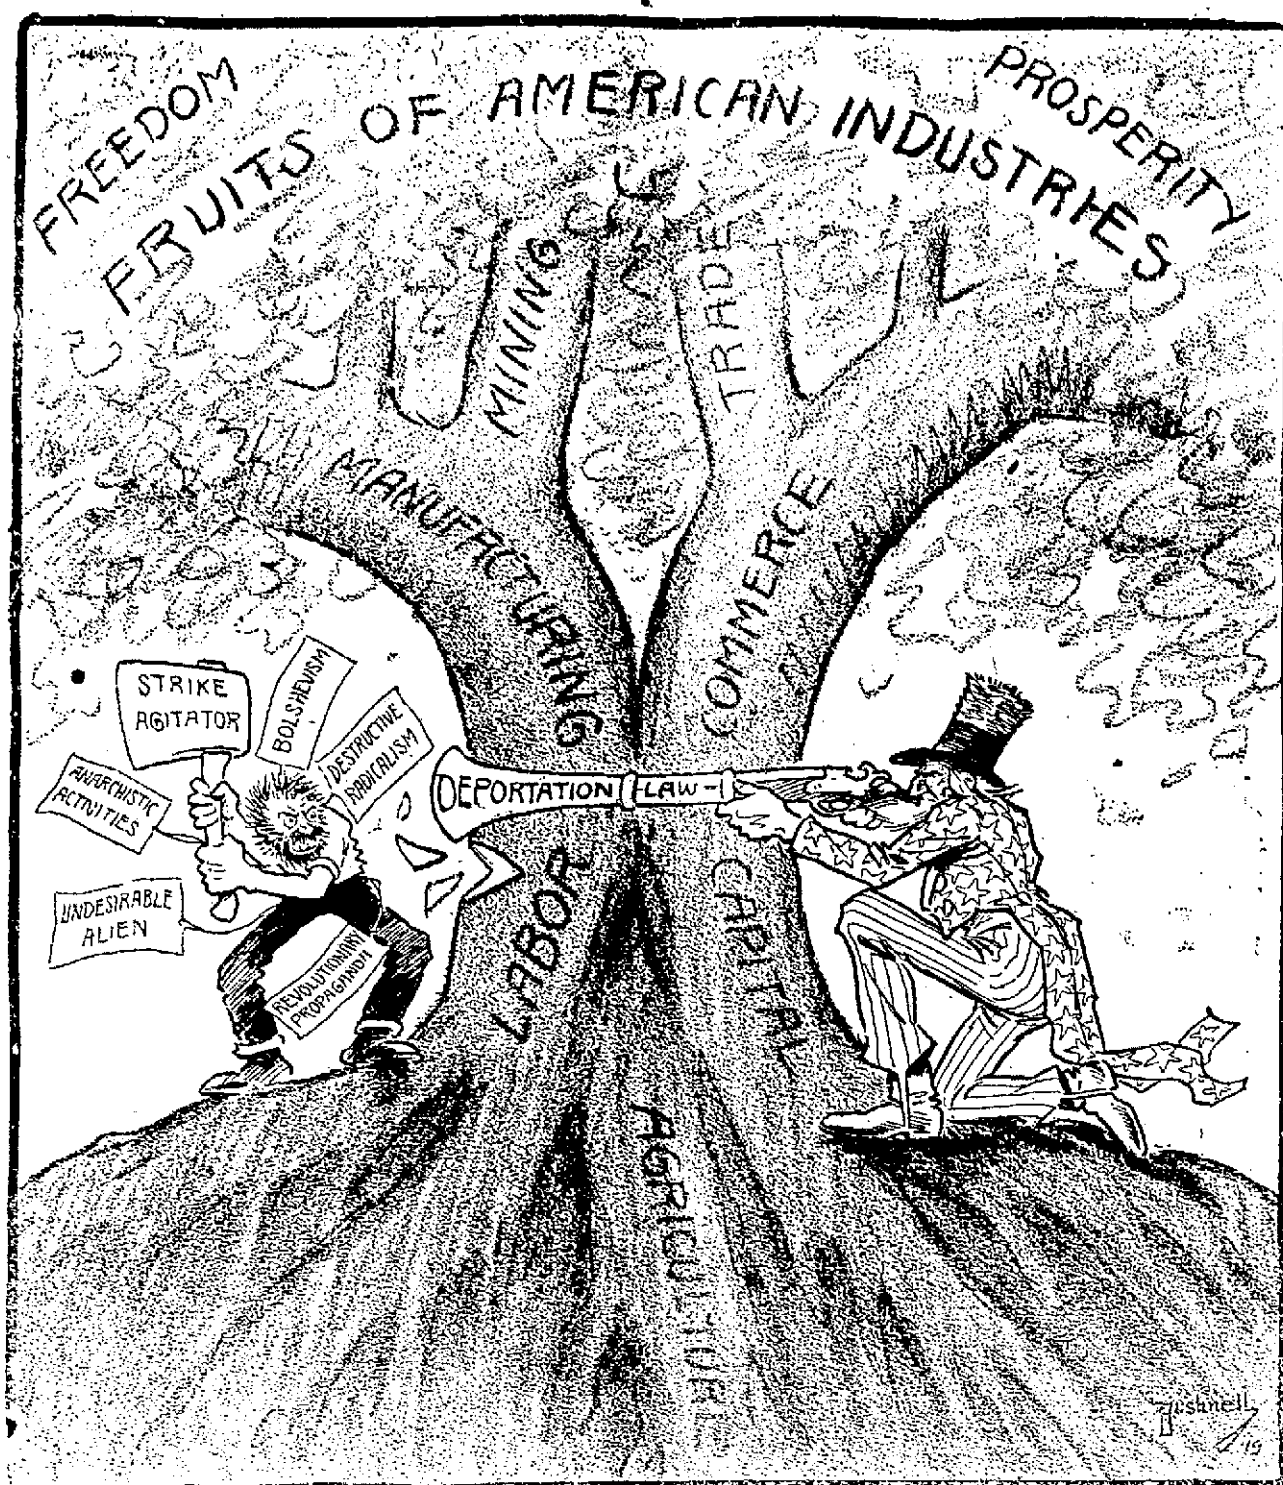

The movement for fair prices should not be a spasm, but should be a continuous effort on the part of the entire business community to get the range down to a reasonable level it will probably never go back to the pre-war level.

Spirit of the Press

Where Leading Press.
John Mitchell, former president of the United Mine Workers of America, who will show that he left an estate of upwards of \$250,000, had little in common with the syndicalists, communists and other radicals who are doing their best to exploit labor today. He was one of the more conservative type and, no doubt, deserved some reward for the work he did for the men. But the size of his estate, however gained, is indication of the fact that labor leading press. This may account for the frenzied attempts which Messrs. Foster and his ilk are making to get control of the forces of unionism. Surely those labor leaders blind who believe their self-constituted leaders are inspired by purely altruistic motives.—Buffalo Commercial.

Railway Strike Was Quickly Ended.
Lloyd George, British premier, has won another victory by bringing the great railway strike to an end, apparently to the satisfaction of all concerned. The strike instituted and carried into effect by the English railway operatives was the most formidable ever started in England, if not indeed in the world. For a time rail traffic was virtually suspended throughout the island, greatly to the detriment of all business and industry. It is understood in a general way, that the result was brought about by mutual concessions, but is thought to have left matters in a condition which will admit, finally, of a satisfactory and to a degree permanent adjustment of matters of difference.—Rochester Democrat and Chronicle.

That sugars are divisible into two groups? The first group embraces such sugars as are capable of undergoing fermentation, and of being resolved, under the action of yeast, either directly or indirectly, into alcohol and carbonic acid gas. The second group includes the varieties that cannot be broken up into these products. The first group contains cane sugar, in-

verted sugar, grape sugar and milk sugar. The second group includes inositol, sorbitol, and-segillite. Cane sugar, the ordinary sugar of commerce, is by far the most important of this class, and in its sweetening properties it exceeds grape sugar in the ratio of five to two, and milk sugar in a still higher ratio.

ON THE SIDE OF ORDER.

(Cleveland Plain Dealer)
"As between the people who want order in America and the people who are trying to create disorder in America the army is on the side of those who want order."

The words "are those of Newton D. Baker, head of the war department, spoken in Cleveland in answer to a question that the entire resources of the nation are pledged to uphold stability of government in America, to put down bolshevism wherever it rears its head, to thwart every revolutionary movement aimed to supplant liberty with sovietism, to protect the right of every American to the enjoyment of those blessings assured him by the constitution and laws of his country. America stands for law. It will continue to stand for law. The army of the United States, servant and agent of the people, will support the right of citizens to enjoy the privilege of citizenship.

PROBING A SENATOR.

(Ohio State Journal)
After two or three years' waiting the senate is going to investigate the charges against Senator Newberry, of Michigan, accused of using illegal methods to secure his election as senator from that state. Henry Ford was his opponent and knows the inside of that conflict and regards it as a public duty to expose it. The charges should be probed to the bottom. Newberry is a rich man and he paid several hundred thousand dollars to secure his election. Some of this was no doubt corruptly spent by his supporters, but outside of the corruption feature the fact that a man should spend so vast a sum of money to get into the senate is offense enough to keep him out of it. If Newberry had not been a rich man he never could have been elected. It is hoped Mr. Ford, who is the principal accuser, will see that the probe is sunk deep enough to get out all the facts.

GOES TO FOSTORIA AND BACK IN SAME DAY

R. B. White made a successful airplane trip from this city to Fostoria and return yesterday, leaving the West Church street field with Edward Stinson as pilot at 10:40 and landing in Fostoria at 12:20. The return trip was made in about the same time, leaving Fostoria in the afternoon at 3 o'clock and reaching this city at 5 o'clock. The Newark lumber man stated that it was a most enjoyable trip and they passed over many villages flying low enough at times to distinguish the towns along the route.

There are two controls for the airplane and White took charge on the return trip and drove over part of the way while Stinson enjoyed a rest. They stopped north of Johnstown and after a brief rest resumed their flight to this city.

Aviator Stinson went to Columbus last evening and was married to a young woman from Pittsburgh. He will return to this city and as soon as weather permits enjoy a honeymoon trip in the air.

CHASE'S GENUINE FUR FABRIC COATS \$44.95 · \$47.95 · \$57.95

No doubt, you've seen coats of these same fabrics priced in other stores at prices ranging up to \$75.00. There are several choice styles to choose from, fashioned from Molskin, Beaver and Chinchilla, and they are better looking and will give more wear than cheap coats of all fur.

FULL LENGTH BLACK PLUSH COATS \$27.95 · \$34.95 · \$39.95

The plush coats at these three prices are positively lower than today's wholesale cost. They come in the newest full length styles, man-tailored and lined throughout, in regular and stout sizes. If you are thinking of a plush coat, don't miss this opportunity.

FURWOVE MUSKRAT COATS

26.95

Big, roomy coats, 38 inches long, made out of Chase's Furwove Muskrat, an exact replica of the genuine fur. These garments would regularly sell for \$38.50, but the quantity is small, so be here tomorrow if you want one.

UNHEARD OF VALUES IN EGYPTIAN PLUSH COATS PRICES ARE ACTUALLY STARTLING

Realizing that many women want a stylish, serviceable coat at a medium price, we made strenuous efforts to find garments that would meet with these requirements. After a long search, we located this lot of pretty Egyptian Plush coats, in black, brown, green, castor and burgundy, plain and fur trimmed styles, that we will place on sale tomorrow and for the balance of the week at prices that hardly pay for the material.

Contentious Never Popular.
The wise man in Israel has truly said: "A fool's lips enter into contention," and the contentious fool is as common a nuisance today as he was no doubt in the olden ones. Usually in proportion to their lack of actual knowledge do such persons presume to set themselves up as dictators to others.—Exchange.

Ill and Nervous.
Nurses dislike the season of thunderstorms. "We are not afraid of lightning ourselves," a nurse in a woman's hospital told me, "but it has a harmful effect on the patients. Most sick people fear lightning. In cases of extreme weakness or nervousness a dozen flashes of blinding lightning reduce the patient to a state of utter prostration."

AUDITORIUM.
"The Hushed Hour."
Large crowds yesterday saw Miss Blanche Sweet in her second big special feature, "The Hushed Hour," at the Auditorium. The production by Harry F. Garson is a good one, the settings and location work being of fine choosing and perfect in detail.
The play is very fast and snappy and has no lagging holes. The costume is beautiful and Miss Sweet is at her best. Pretty as ever and what she has to do she does well. Milton Sills stands out strong. Others in the cast which includes Winter Hall, Lydia Knott, Wilfred Lucas, Rosemary Theby, Gloria Hope, Harry Northrup, Mary Anderson, Wyndham Standing, L. T. Steers, Little Ben Alexander, of "Hearts of the World" fame and Kid McCoy, celebrated once as a fighter. "The Hushed Hour" will please and is shown today and tomorrow.

"Her Final Reckoning."
There are few more talented actresses in the silent drama than Pauline Frederick, long distinguished for her artistic characterizations in the arduous roles, notably "La Tosca," which was displayed here some time ago with great success. Miss Frederick's newest starring vehicle is "Her Final Reckoning," a photoplay based upon the celebrated play and novel of "Prince Zilah" by Jules Claretie, and it will be shown at the Auditorium, Thursday and Friday.

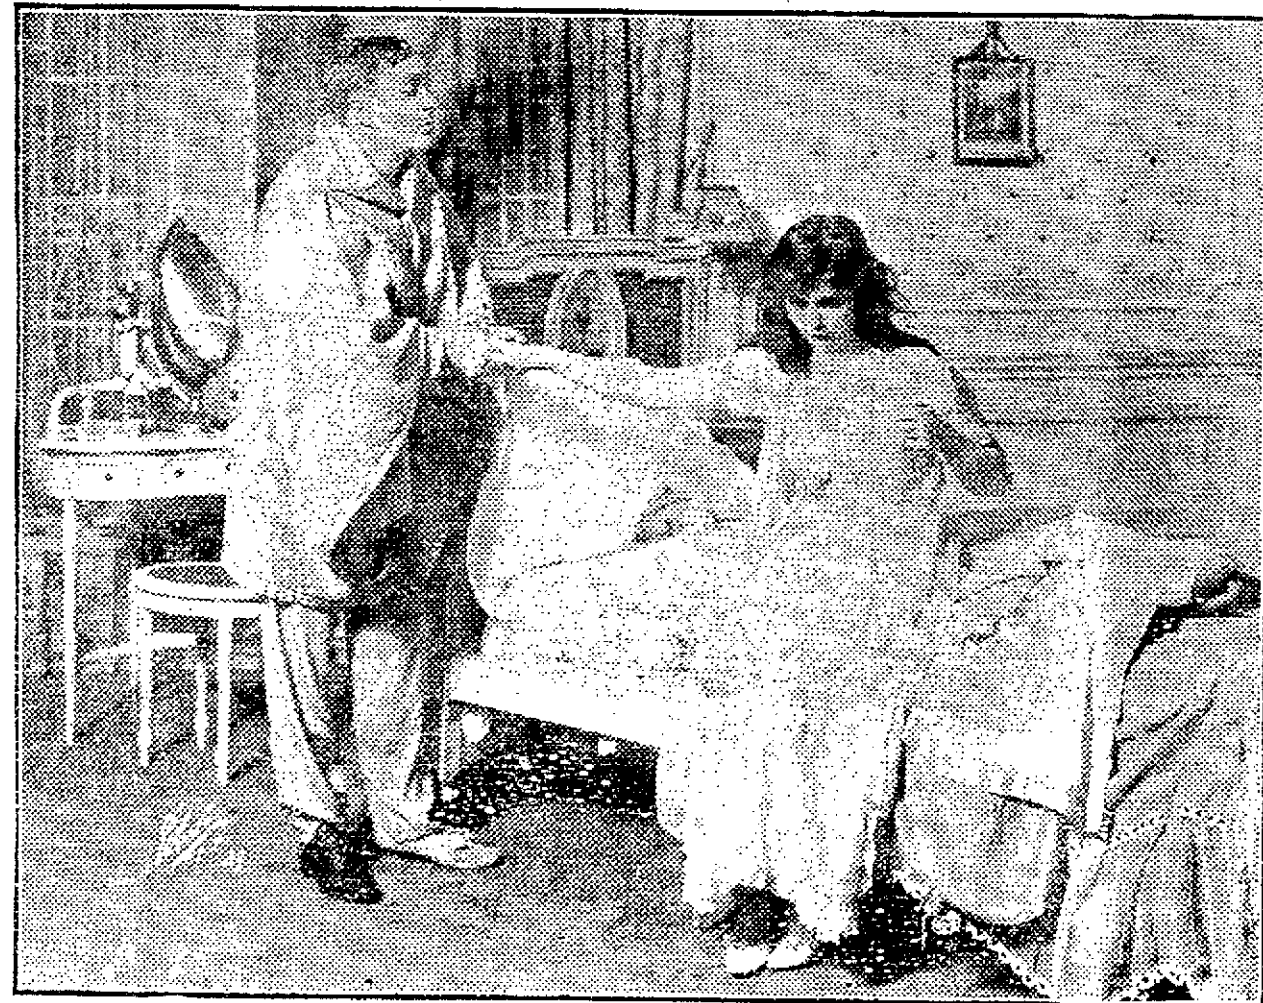

Lois Bolton in "Twin Beds."
"Twin Beds," Salisbury Field and Margaret Mayo's Festival of Laughter, removed from one end of the country to the other as one of the two emphatic standing comedy hits, will again be presented at the Auditorium Saturday, October 25th, matinee and night.

and adroit and sure in its characterization.
The story is built around the difficulties of three couples living in a fashionable apartment house, with all the neighbors, desirable and undesirable, always underfoot, first achieving neighborliness and then have it thrust upon them and finally move to escape it, without any remarkable success.

ALHAMBRA.
"Too Many Millions."
What would you do if you had forty million dollars? Walsingham Van Dorn, the hero of "Too Many Millions," Wallace Reid's new Paramount picture which was presented most successfully at the Alhambra yesterday, faced that problem and found it a tough one.
In a delightful romantic comedy Wallace Reid shows how Walsingham staggered along for a while under the weight of the forty millions, how they were suddenly taken from him, how a beautiful girl demanded two millions that had been stolen from her father, how he and the girl were suddenly stranded without any money and how they lost most of their clothes in a fire. They suddenly married, they live happily on the money the young man earns until the time when the forty millions are again returned to them. Do they take them? For the answer we refer you to the picture. This is seen tonight for the last times.

"The Winning Stroke."
George Walsh's latest photoplay, "The Winning Stroke," which treats of life at a great American university, appears to have revived the old question of comparative advantage, as between the college man and the non-college man, in dramatic work on the stage or the screen.

George Walsh, in his own person and

with Lois Bolton in "Twin Beds," is a jovial, rollicking farce, clean as a high wind, swift moving in its action, brilliantly slangy and vivid in its dialogue.

For all affections of the nervous system, constipation, loss of appetite, lack of confidence, trembling, kidney or liver complaints, sleeplessness, exhausted vitality or weakness of any kind get a box of Wendell's Ambition Pills today on the money-back plan.

In his screen preparation, would seem to supply an argument in favor of college education for the film actor. A goodly portion of his popularity is due to what he brought from his college career at Fordham and at Georgetown. This is a William Fox production and will open an engagement tomorrow at the Alhambra theatre.

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your congested-up nostrils and the air passages in the head stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! ble birth and great purity, and a Russian countess with many love affairs to her credit form the triangle out of which Pierre Wolff, the famous French playwright, made the story of "The Virtuous Model," showing for two days, commencing today, at the Grand theatre.

An intensely dramatic story of life as it is lived in the famous art studios of Paris and in the Montmartre district, "The Virtuous Model" provides Dolores Cassinelli with a role requiring her to run the gamut of emotions.
The opening of the story finds her about to sacrifice her chastity at the notorious Cabaret of the White Cat in order to get money for medical attention for her dying mother. She is

possible. Rise again and repeat the entire movement at least fifteen or twenty times. The movement that comes next is to stand erect in an upright position with hands flat against your sides and bend far over to the right, allowing the right hand to drop below the knees. Now reverse the movement and bend over to the left. Then to each side, alternatingly six times.

A third exercise, which is excellent for the muscles of the back, as well as to reduce flesh, begins with the body held erect, arms outstretched in front and hands together. Then, swing the torso down to the left side, keeping the knees stiff and bending the body from the waist. Resume the erect position and bend the body down to the right. Repeat the movement, bending to each side alternately until you feel fatigued.

Reliable Method of Hair Care

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthrox (which you can get at any drugist's), in a cup full of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp perfectly clean, soft and pliant, while the hair takes on the glossy, fluffiness which makes it seem much heavier than it is. After canthrox shampoo, arranging the hair is a pleasure.

Milady's Boudoir

The Figure of Youth.

It is natural for the body to gain in weight as a woman advances in years, and if you aim to retain the youthful figure, you must exercise. Superfluous flesh is apt to collect about the waist, hips and abdomen when one reaches forty and this always means good by to youth and beauty of figure. Don't allow yourself to gain in weight. The minute you notice that you are gaining exercise both night and morning, no matter how tired you may be. A series of exercises that will keep the flesh from accumulating about the waist and abdomen consists of the following movements:

Stand erect with the hands on the hips. Bend the knees and bring the body to a sitting posture, as low as

One of the Inspirations I Found in T.R.'s Life

By MARK L. THOMSEN, Cleveland

THE FAMOUS Bill Sewell, who went from the woods of Maine to the plains of North Dakota at a word from Roosevelt, enjoyed telling about the surprises Roosevelt the tenderfoot gave the westerners.

I myself find a strong appeal in "Bill's" stories, and I always shall remember this incident.

There was a "bad man" in Medora of considerable reputation. He met Roosevelt in a public place, after having heard about the newcomer. And according to Sewell, this is what happened:

"Theodore was not a big man—he was only of medium height, weighing about 145 pounds, and he wore glasses. But grit to the hilt. The fellow called him a 'four-eyed tenderfoot' and tried to take his measure in abusive language.

"Theodore paid no attention to all this and the tough naturally concluded that he was afraid of him. Suddenly Roosevelt let out and caught him on the butt of the jaw—and he flattened out."

The Man who met men on the plain they could understand and met them squarely, whatever was the issue, and always met them honestly—that is the man to whom we want to erect a memorial. Beginning October 20, we are going to raise \$500,000 for that memorial in the State of Ohio. And we want everyone in the State to have some part toward building it.

How Much Profit Do You Pay Us?

The United States Department of Agriculture informs us that you as an average American Citizen, eat about one hundred and eighty-two pounds of meat (181.83 lbs.) in a year.

Based on these figures, if you had purchased all of your meat foods from us, Swift & Company would have profited to the extent of 48½ cents during the first eight months of our present fiscal year.

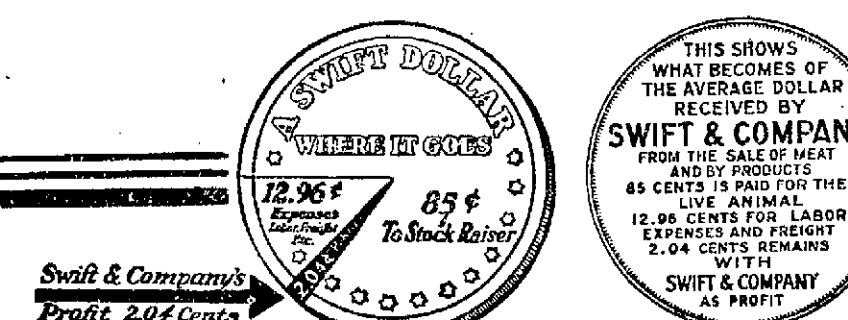

In that eight months we averaged to make two-fifths of a cent on each pound of meat and all other products sold.

This profit you paid us equals 6 cents a month—or just about one street car fare.

More than 30,000 shareholders looking to us as trustees of their invested money, had to be paid a reasonable return out of your 6 cents a month. Volume alone made this possible.

Now figure for yourself how Government interference in the operations of the packing business is going to reduce your meat bill!

Let us send you a Swift "Dollar." It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

MARIETTA STAINS

SPARTAN ART WOOD

EVERY type of stain known to the art of wood finishing is included in the "Marietta" line. The principal ones are:

Spartan Art Wood Stains
Water or Acid Stains
Oil Stains

For most work we recommend the Spartan Art Wood Stains. They combine the merits without the disadvantages of the other two types.

These are great labor savers, as they do not raise the grain of the wood. This almost does away with sanding and insures best results with fewer varnish coats.

"Tim" Callahan of Yale, at left, and "Mike" of Princeton.

One of the oddest battles in collegiate football will be staged November 15, when the Yale and Princeton football teams meet. It might well be dubbed the "Battle of the Twins." Captain "Tim" Callahan, center of the Yale team, and "Mike" Callahan, center of the Princeton team, are twins.

THOUGHT MY LIVER WAS ON A STRIKE

Head Was Giddy, Spots
Danced Before My Eyes,
Breath Foul, was Tired
and Drowsy, Dreco Wip-
ed It Out.

"I have suffered for quite a while with sluggish liver: at times I would get so dizzy I would have to stop and sit down; spots would dance before my eyes; I had headaches and a bad taste in my mouth; my appetite became poor and my food did not digest nor give me strength; my stomach was often sour; while gas and bloating caused me much uneasiness. The pains often extended round to my back and limbs so it was an effort to keep on with my work," says Mr. A. C. Rex, member of the firm of Rex Bros. of Harrod, O., near Lima.

"There was so much talk about and praise being given Dreco, I decided to try it. The first bottle proved to me it was a good medicine, as it soothed my stomach and relieved the gas forming. I continued the treatment, and never have a dizzy spell nor see the spots before my eyes; my bowels are regular; my appetite is fine; the food digests and gives me strength; I don't have any more pains in my back or limbs, and haven't had a headache in a long time. Dreco is a good medicine and I gladly add my words of praise for it."

Dreco acts on the liver in a smooth, gentle manner, gradually working off the excess bile day by day. It is neither strong nor harsh and does not excite the muscles of the bowels as strong cathartics do. It tones up the digestive organs and relieves gas on the stomach; puts an end to constipation; increases the appetite; gives strength to weak kidneys; restores tired nerves and induces sound sleep. Dreco is a great blood purifier and system cleanser. All good druggists now sell Dreco, and it is highly recommended in this city by Evans' Cut Rate Drug Store.

Our Boys and Girls

A child before it is three years old should be taught a measure of self control. It should be taught to endure a slight bump, a slight cut, a disappointment or actual vexation. The child who is allowed to fret at trifles, continues to do so more and more, to the discomfort of itself as well as the rest of the family. Yet we must remember that a child's disappointment, now matter how small, is as great to them as the big things of life are to the grown ups.

Parents should take time for sympathy with growing boys and girls. Enjoy the fun, tell them of your own and above all teach them to confide in you with all their troubles and little problems. Choice of friends is one subject mothers are anxious about. It is never too soon to begin to look after it, while it may, in a day's time, be too late. While many object to allowing children to tell what occurs at school or when away from home, I prefer to hear everything, to never allow the beginning of a sentiment that might grow into "Don't tell mother." A habit of "telling all about it" is a good one to form, and in it the confessions of little mistakes or sillinesses which may be passed over, yet suggestions given for the better way next time.

Everyday Etiquette

"Will you tell me if it is correct to hold corn in the fingers when eating it from the cob and should celery be taken up and eaten with the fingers?" asked Lucy.

Yes, corn is eaten held with the fingers and celery, radishes, olives, salted nuts and lambons are all eaten from the fingers," replied her sister.

YOUNG WOMAN WOULD RIVAL "OLD RIP" NOW

"I Think I Could Sleep for a Week, Since Using Trutona," She Declares.

Portsmouth, Oct. 20.—"I believe I could sleep for a week if no one called me and to think, before I took Trutona, I could hardly sleep at all," Miss Pearl Lewis, a well-known Portsmouth young woman who lives at 601 West Market street, said recently.

"Constipation, nervousness and a derangement of the kidneys was the source of my troubles," she continued. "Invariably after eating any heavy food I would feel bloated. I was so restless I could hardly sleep at nights. My kidneys pained me at times."

Trutona has done me so much good, although I have been taking it for only several days. It is certainly a fine laxative, so mild and gentle in action and it has given me relief from my kidney trouble, too. My nerves are much steadier and, as I said, I believe I could sleep for a week now. The trouble I formerly had with my stomach is a thing of the past. I can eat anything I want to now and don't suffer the bad after effects. I think Trutona is the best tonic I have ever taken and I'm sure it will help anyone troubled as I was."

Trutona has been the recipient of praise from thousands of weakened and run-down men and women, to whom the perfect tonic has restored perfect health. As a combatant of stomach, liver and bowel troubles, nervousness, sleeplessness and the like, Trutona is peerless. Trutona is equally as efficient in overcoming after effects of pneumonia, influenza, deep colds and the like.

Trutona is now being introduced and explained in Newark at W. A. Erman's Arcade Drug Store.—Adv.

COUNTY KING'S DAUGHTERS MEET

Convention Is Held in Granville When Reports From Circles and Delegates to State Convention Are Heard.

(Special to the Advocate.)

Granville, Oct. 21.—Delegates and members of the various circles of The King's Daughters in Licking county last night heard reports of the work in the county and the reports of the delegates sent to the state convention at Bellefontaine two weeks ago. The meeting was the occasion of the annual county convention and the attendance was large.

Mrs. Lee Bell of Utica presided at the meeting, which was held in the Granville circle's rooms. Mrs. C. H. Oxley of Newark led the devotionals. Reports from the various circles were given and the following delegates to the state convention made reports: Mrs. Charles Oxley, Mrs. Lee Bell, Miss Lillie Jones, Mrs. Bert Everett, Miss Blanche Horton, and Miss Gertrude Cook.

The Granville Mothers' club met last night at the home of Mrs. Yingling in Granger street. A paper on "Children's Habits" was read by Mrs. Ernest Shephardson.

Colonel E. A. Deeds of Granville was in Granville today visiting his parents and his son, who is a student in Denison university.

In the annual class contest this morning the freshmen and sophomore classes tied points and were all set for the gridiron clash this afternoon at Beaver field. The freshman class won the relay race and the sophomores took the tug-of-war which was called "Livvie's Line." The contests were pulled off on a soggy field while rain fell and after the tug-of-war the members of both classes presented a bedraggled appearance.

Attendance at the meeting of the Travelers' club Monday afternoon filled the community rooms to capacity. Mrs. George H. Reese, formerly head of the art department in Shephardson college delivered an address on "Art in Constantinople" that held her listeners in rapt attention.

It was a vivid word-picture of the majestic architecture, rich textures, magnificent bronzes, carved woods, inlaid with pearl and studded with gems; a picture that included the wonderful dome of St. Sophia and the minarets of the city from which sound the call to prayer; the tomb of Mohammed; the bargaining in the bazaars; the dress of the people. It was glimpse backward to the restrained art of Greece as well as comprehensive view of the Orient of today.

Mrs. John Owens was asked to give some personal recollections of her visit to Constantinople; and briefly described the bartering in the bazaar. Mrs. A. E. Conklin in a paper on "Aerial Operations" gave a complete resume of the air service in this country from the importation of the castor bean to the securing of the substitute for the linen covering of the wings. War service abroad, a description of a plane in action.

Miss Jennie Roe followed with the round table discussion of the "Domestic use of Airplanes" in which she was assisted by Mrs. E. E. Hopkins and Mrs. John Owens. Discussion brought out many uses to which this industry is to be devoted. Several guests were present among those from out of town being Mrs. C. J. Eddy of Billings, Montana.

William Calhoun Ebaugh, who makes his home with his son Dr. W. C. Ebaugh of the Denison University faculty, will leave tonight for a month's visit with relatives and old friends in Philadelphia and York, Pa., and Baltimore, Md.

Mrs. Theodore Johnson is spending the day, with friends in Columbus. Mr. and Mrs. Fred Buxton left early this morning for a day's visit in Columbus.

Mrs. Belle Grove Wright is visiting for a few days at the home of Mrs. Tom Peters near Hebron.

Mrs. W. H. Kossmaul left Wednesday for a rest home in Columbus. A sojourn of two weeks or more for the benefit of her health.

Mrs. John S. Graham will entertain the 30 or more members of the Fortnightly club tonight at her home in Locust street. Refreshments will be furnished for the convenience of the guests.

Mrs. Caroline Little Devenney has received notice of the death in Kansas City of her brother, Theophilus Little, and early-day pioneer of Kansas, who went to that state in 1866 from Granville. He settled near Abilene where he engaged in the cattle business. He occupied several county offices and was active in state politics. His wife was Miss Sarah Taylor, a daughter of Jonathan Taylor of Newark, then a member of congress from Ohio. His son, E. C. Little, who alone survives of his immediate family is a member of congress from the Second Kansas district. The Little family are descended from William Little of Yorkshire, England, who in 1134 compiled one of the early histories of that portion of the British empire. After the death of his wife, Mr. Little removed to the Kansas side, where he remained after his son was elected to congress. The funeral was held from the home of his nephew, Harry Little at Abilene, and burial was in that city. Mrs. Devenney is the sole survivor of her family.

CIRCULARS EXPLAIN TWO-PLATOON SYSTEM

Members of the fire department today were distributing circulars over the city explaining the two-platoon system as proposed for the local department, which will be a matter of the approaching municipal election to be held Nov. 4.

If the decision is favorable the firemen will be required to serve 12 hours for one day's pay instead of 24 hours under the present continuous duty system, which requires that the firemen be on duty 21 out of the 24 hours, one hour being allowed for each meal providing there are no fire calls.

More than 200 cities in the United States have adopted the two-platoon system, 13 of them being in Ohio. Four Ohio cities will vote on the proposition this fall, Newark, Zanesville, Dayton and East Liverpool. Toledo will vote on a three-platoon system. The two-platoon system the Newark firemen are asking for is equivalent to a 12-hour day, or one-half time on duty and one-half time off duty and they state that they feel that they are not making an unreasonable request in asking the voters to support them in their condition.

It hardly seems probable that the next President will have to cross the Mississippi to get to the White House.—Cleveland Plain Dealer.

THE INVISIBLE SERVANT

In these days of domestic labor scarcity, Electricity — the Invisible Servant—may be made the ally of the housewife. With the help of electrical appliances you can wash and iron without worry or drudgery.

The Electric washing machine will quickly and thoroughly cleanse the clothes without injury to the finest fabrics. Instead of a hard day's work, washing will mean a couple of hours easy duty if you have an electric washer.

Save Steps
The Westinghouse Electric Iron will enable you to iron clothes quickly and easily. No wasted heat, no steps to and from a hot stove, no waiting for irons to heat.

Miss Frush, the Westinghouse demonstrator, will show you the operation of these and many other labor saving appliances. She will be in our sales room all this week.

Wooltex Will Help You Decide About Your New Winter Suit or Coat

YOU'VE probably seen many pretty models of WOOLTEX garments advertised in the various magazines. When you look through our showing of WOOLTEX you will be more than ever impressed with the beauty of these garments—the fine wool fabrics—the new fall colorings—the smart tailoring.

Now When the Need for Suits and Coats Is Immediate

We have an unusual display, so why not come in and try on some of these handsome models, many of which you have seen pictured.

First— Take a Look At Wooltex Suits

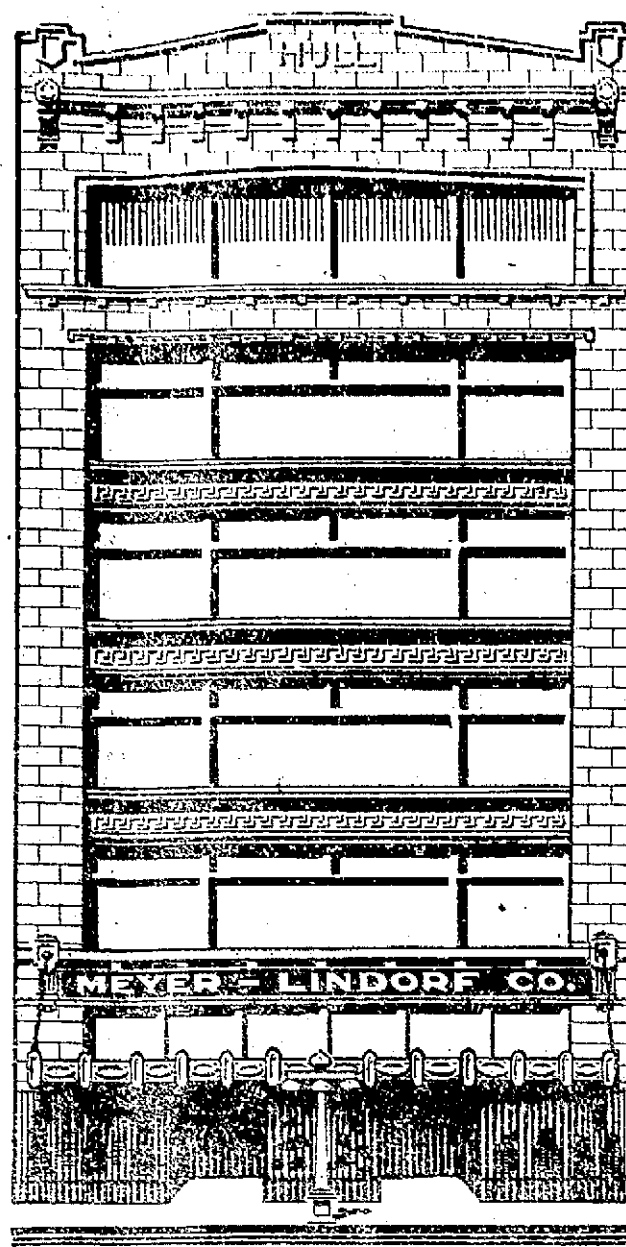

You will find the strictly tailored model—others in blouse effect—while others of a tailored nature show a slight trimming. The materials alone are worthy of attention.

Wooltex Coats Are Warm and Roomy

Coats this winter remain straight and slender despite the fact that they are warm and wintry, being comfortably loose enough to wear over the winter gown with perfect ease.

BIFF!

Stop jolting Liver and Bowels
with violent drugs, but
take "Cascarets."

"Dynamiting" bile out of your system with calomel and other sickening purgatives is all wrong. Salts, Oil, and Cathartic Waters act by flooding the bowels with the digestive juices which are vital to the stomach. Cascarets are different. They act as a tonic to the bowel muscles, which is the only sensible way to relieve a bilious attack, a sour, acid stomach, or constipated bowels. There is no gripping or inconvenience. You naturally return to regularity and cheerfulness. Cascarets cost very little and they work while you sleep.

To economize in the use of gas a cover for gas ranges has been patented in which the heat of each burner can be confined to an opening above it or divided among two or more openings.

**"GAVE STOMACH RELIEF"
SAYS NEWARK PREACHER**

"I treated with various doctors," says Rev. W. H. Hickman, 127 Locust St., Newark, Ohio, "and took other medicines, but received only temporary relief and gradually grew weaker. A friend recommended Dr. Parker's Treatment. The first box gave relief. A few boxes cured me. I gladly recommend Dr. Parker's Treatment, believing it will cure the worst case if taken as recommended."

There is nothing remarkable about the case of Rev. Hickman, as Dr. Parker worked for 35 years to produce a successful treatment for Constipation and Indigestion. Hundreds of other sufferers from restless sleep, cold feet and hands, belching, bloating, sour stomach, headaches, backaches, pain in stomach and bowels, flatulent appetite and other symptoms of Indigestion and Constipation, have been relieved by Dr. Parker's Treatment. In fact, Dr. Parker guarantees each box. If half box does not improve your condition your dollar will be refunded. Ask your druggist for Dr. Geo. E. Parker's Treatment for Indigestion and Constipation, made at Athens, Ohio. Sold by all druggists.—Advt.

AUDITOR WILSON STARTS SECOND TERM MONDAY

County Auditor Fred S. Wilson today began his second term which will terminate Oct. 20, 1921. The same force of deputies will be retained by Auditor Wilson and the office will be conducted by him as in the past, in a thorough,

FRED S. WILSON.

painstaking and economical manner. Auditor Wilson has made an enviable record and has placed the work of the auditor's office on a high plane of efficiency and has been complimented by the state officials for his prompt and complete returns. He has been over careful of the tax payers' interests and has administered the affairs of office in such a manner that pecuniary benefits have resulted in numerous instances. The same systematic methods will be followed in the future by Auditor Wilson, who today is receiving the congratulations of his numerous friends and acquaintances.

SERVICE MEN TRY TO STOP GERMAN OPERA

New York, Oct. 21.—Decision whether the city government has the right to suppress opera sung in German in New York until after ratification by the United States of the peace treaty rested today with Corporation Counsel

Burr after riotous scenes last night, when former service men tried unsuccessfully to prevent the presentation of "Die Meistersinger" at the Lexington Theatre. Mayor Hyman sought an opinion from Mr. Burr after reversing an earlier decision banning the opera.

Coincident with the mayor's move the management of the opera announced that steps would be taken through the courts if necessary to assure the continued presentation of German opera. The management stated last night's program was in the nature of a concert and that the real opening of the opera season was to be tonight.

Mounted police and patrolmen with drawn night sticks battled last night with more than 300 men wearing army and navy uniforms when they attempted to gain access to the theatre and stop the performance. A later rally by the soldiers and sailors, reinforced by hundreds of civilians, also was checked by the police. Several heads were hit and numerous fist fights occurred but no one was reported seriously injured. A large crowd was outside the theatre when the opera closed but the police protected the audience as it left the building.

Cynicism—"The propagation of the human race depends upon early marriages," Sillicus—"How do you figure that out?" Cynicism—"Well, if a man should wait until he was really old enough to get married he wouldn't."
